DIVISION OF
OIL, GAS & MINING

22 September 1988

Dear Mr. Whitehead:

Ref: Co-Op Mining Company, Trail Canyon Mine; NOV No. 88-5-1-1, Bear Canyon Mine; Mid-Term Review, and Lease Addition

This letter is to notify the department in writing of Co-Op's request that deadlines for the following responses be extended a maximum of 30 days each, as discussed by phone earlier this day. Please note that responses will be submitted sooner when they are completed at an earlier date.

1. Response to NOV-88-5-1-1, Trail Canyon Mine (Due 30 September 1988 - Extend to 31 October 1988)
 - Item #1 Plans for middle pad Drainage and disposal of coal waste piles- pages, maps, etc. 10/14/88
 - Item #3 Response to Division's Fifth Completeness Review - Revision of pages, maps, etc. 10/31/88
2. Mid-Term Review, Bear Canyon Mine, Initial Completeness Review - Revision of pages, maps, etc. (Due 14 September - Extend to 14 November 1988) 11-14-88
3. Lease Addition, Bear Canyon Mine, Initial Completeness Review - Revision of pages, maps, etc. (Due 14 September - Extend to 14 November 1988) 11-14-88

The subject responses will involve my first in depth review of the documents and it is my desire to comply with all of the departments concerns in a professional manner. It does not appear that a thirty day extension will hinder any of the required reclamation work but it will improve the quality of the responses and the closure of the required action items.
